- 1. Did you receive prompt and professional service during the entire claim process for your abandoned funds in 2011? Did Mekulski ARS keep in constant contact with updates throughout?

Yes, they were great!

- 2. Were you contacted by other companies offering their services to help recover abandoned funds in the past? If so, why did you choose Mekulski ARS to help you?

We were scared at first, thinking "scam", but then to be able to talk w/ Jennifer and be able to check her out on-line made us believe her more.

- 3. Company credibility is certainly an issue when receiving a call or letter offering abandoned money. How did we relieve your concerns and convince you the company could do what they said? How can we improve in serving our clients?

I think a place where people can call to see if you are "legitimate" would be very helpful, the internet helped, could Better Business Bureau help?

- 4. Had Mekulski ARS not contacted you regarding your abandoned money, do you believe you would have ever known about or recovered the funds owed to you?

NO WAY!

- 5. Would you recommend Mekulski ARS to others, based on your experience with the company? Why or why not?
